Company

BUCHER AG LANGENTHAL, MOTOREX-Schmiertechnik, CH-4901 Langenthal, Switzerland

1 Commercial product name and supplier

1.1 Commercial product name / Designation

BIKE GREASE 2000

HMIS	
H	1
F	1
R	0
C	B

1.2 Application / Use

Lubricating grease

1.3 Producer

BUCHER AG LANGENTHAL, MOTOREX-Schmiertechnik, CH-4901 Langenthal, Schweiz, T. +41 (0)62 919 7575

1.4 Supplier

MOTOREX USA, 900 Mendelssohn Ave. N, Golden Valley, MN 55427, USA, +1 763-417-1377

1.5 TOX emergency number

USA + Canada: 1 800 424 9300 (Chemtrec Chemical Manufacturers Association, Arlington, VA 22209)

1.6 Product No.

2 Composition

2.1 Chemical characterization

Additives
Calcium soap
Mineral oil, paraffinic (CAS# 8042-47-5)

2.2 Hazardous components

Does not contain any dangerous substances according to the criteria of the EC (Council Directive 88/379/EEC).

2.3 Further information

3 Hazards identification

No known hazard.

4 First aid measures

4.1 Eye contact

Consult a physician if irritation develops.
Flush with plenty of water.

-
- | | | |
|-----|---------------------|--|
| 4.2 | Skin contact | Remove residues with soap and water.
Remove contaminated clothing immediately. |
| 4.3 | Ingestion | Do not induce vomiting. Do not take in resorption stimulating agents.
Consult a physician who will decide on need and method of emptying the stomach. |
| 4.4 | Inhalation | Take into fresh air.
If respiratory irritation is experienced, call a physician. |
| 4.5 | Further information | |
-

5 Fire-fighting measures

- | | | |
|-----|------------------------------|---|
| 5.1 | Suitable extinguishing media | Water fog, carbon dioxide, foam, dry chemicals. |
| 5.2 | Extinguishing media to avoid | DO NOT USE WATER JET. |
| 5.3 | Flash point | Not applicable. |
| 5.4 | Ignition temperature | not determined |
| 5.5 | Explosion limits | Lower:
Upper:
not explosive |
| 5.6 | Further information | None. |
- Test method:
-

- | | | |
|---|------------------------------------|--|
| 6 | Accidental release measures | Spills should be contained by, and covered with suitable absorbent material and removed for disposal.
Do not allow to flow off into the drains or waters. |
|---|------------------------------------|--|
-

7 Handling and storage

- | | | |
|-----|--------------------------------|---|
| 7.1 | Handling | No specific requirements. |
| 7.2 | Industrial hygiene | Follow safety precautions for handling of mineral oils. |
| 7.3 | Storage | Follow regulations for storage of water hazarding products. |
| 7.4 | Place of storage | |
| 7.5 | Fire- and explosion-protection | No specific requirements |
-

8 Exposure controls / Personal protection

- | | | |
|-----|-----------------------------|---------------------------|
| 8.1 | Technical measures | No specific requirements. |
| 8.2 | Control of threshold limits | |

8.3 Personal protective equipment

- 8.3.1 Respiratory protection None required.
- 8.3.2 Hand protection Use impervious gloves when prolonged or frequently repeated contact could occur.
- 8.3.3 Eye protection If contact with the product is possible, an eye protector is recommended.
- 8.3.4 Other

9 Physical and chemical properties

- 9.1 Appearance pasty
- 9.2 Colour greenish
- 9.3 Odour low
- 9.4 Change of physical state Test method:
Dropping point 302 °F DIN ISO 2176
- 9.5 Density 0.89 g/cm³ (20°C) ASTM D 4052
- 9.6 Vapour pressure
- 9.7 Viscosity NLGI 2 DIN 51818
- 9.8 Solubility
in water insoluble
- 9.9 pH not applicable
- 9.10 Further information

10 Stability and reactivity

- 10.1 Thermal decomposition Is stable under normal storage conditions.
- 10.2 Hazardous decomposition products None under normal conditions of storage and use.
- 10.3 Hazardous reactions No hazards known.
- 10.4 Further information
-

11 Toxicological information

- 11.1 Acute toxicity The estimated oral LD50 for rats is >2000 mg/kg.
No adverse effects anticipated by this route of exposure incidental to proper handling.
- 11.2 Subacute / Chronic toxicity
- 11.3 Further information None.
-

12 Ecological information

Water Hazard Class (Germany): Class 1 (self assessment): slightly hazardous for water.

13 Disposal considerations

Comply with local and national regulations.

- 13.1 EU/CH waste key 12 01 12 used waxes and greases
-

14 Transport information

- 14.1 Transport at land
- | | |
|----------------------|---------------|
| ADR | RID |
| UN Number | Kemler Number |
| Packing Group | |
| Proper shipping name | |
- 14.2 Transport at sea
- | | |

14.3 Air transport ICAO / IATA-DGR
UN Number
Packing Group
Proper shipping name

Passenger airplane Packing Instructions

max.

Cargo Airplane Packing Instructions

max.

14.4 Further information Product is not classified for any mode of transportation.

15 Regulatory information

This product does not require classification according to the criteria of the Commission of the European Communities (Council Directive 67/548/EEC).

15.1 National regulations

15.2 NFPA Storage

Class IIIB

15.3 Further information

16 Other information

No other information.

The above mentioned data correspond to our present state of knowledge and experience. The safety data sheet serves as description of the products in regard to necessary safety measures. The indications do not have the meaning of guarantees on properties.
